Here is a little baby! Can you point to the baby? God made the little baby with two eyes, two ears, a nose, and a mouth. Thank You, God!

Baby Care

Encourage your child to care for a baby doll. As your child washes, feeds, and changes the doll, talk about how you cared for your child when she was a baby. Pray and thank God for making babies and for making your child.

The Cutest Baby Face

Get out your family photo albums and look at your child's baby pictures. As you look at the photos, talk about all the things your child liked to do as a baby. Explain that God made your child and that God made all babies.
