

April 14, 2019

Dear Parents,

Today we learned about four significant parts of the events of Holy Week: feet washing, 30 pieces of silver, Passover, and the Last Supper. We discussed how all of these things are full of significance in showing what kind of a king Jesus actually is. He is our servant king.

Our memory verse:

*“The Son of Man must be killed and after three days rise again.”* Mark 8:31

Please help your child to memorize the verse and the Scripture reference for next time. Please review with them the place of the book of Mark in the new testament.

Some things to discuss this week:

- What is one new thought you had today during the Bible lesson and discussion?
- We don't really have servants here in America. What kinds of things do you imagine a servant might do?
- Are there ways you can (really) be a servant to others this week?
- If our king is a servant, does that mean that we *have* to be servants also?

Next Sunday is Easter!

Kindergarten and older classes will begin again after the children are released from worship. Bring a friend and celebrate Jesus' resurrection with us at Hope Chapel!
